For those who aren't following us on facebook, I'll mention it again here. We have received an apology from Whitelies Fansub and the promise that they'll change their ways. For us, that's good enough because we believe if people really want to change, they should be given the chance. So let's see what the future brings?

Notes

We **DESPERATELY** need more staff, so please apply or we might be forced to drop some projects or release one chapter every few months only...
